First name: Todd

Last name: Galbraith

Organization:

Title:

Comments: I am FOR the proposed trail system including all chair lifts. If anything, 100 miles of trail is not enough and I hope that plans will be drawn for future expansion beyond. The economic boon to the region would be fantastic and would bring job after job after job for locals. Opportunities would abound for all Mena residents.

Mountain biking is an environmentally friendly sport generating zero emissions. It brings people together and builds communities.
