Comments: I am in 100% support of this project and think it is a great idea to bring a chair-lift mountain bike park to one of Arkansas' State Parks. We have two shuttle based mountain bike parks right now that are within driving distance (one in Eureka Springs and one in Branson, MO) but nothing like this. This will continue to drive tourists and visitors to the state which is a huge benefit to our tourism industry. Mountain biking is a hot, growing industry right now and this will continue to make Arkansas a mountain bike destination.
