First name: David

Last name: Whitmire

Organization: Fish and Wildlife Conservation Council

Title: Chair

Comments: Thank you for the opportunity to comment on the SAWRP. As sportsmen and women we have witnessed the lack of maintenance and disrepair of many of our access roads . This leads to road closures , erosion, and safety issues. Often simply cleaning ditches and culverts would have prevented this sometimes its undersized or outdated structures. Often we have seen huge debris clog our streams that should have been addressed in forest management. Many of us live downstream and are effected by all the above on our properties and roads.

We support any project. that brings these issues to the front and addresses them in timely manner. The Band-Aids or ignoring the issues have proved to be not working . Please let the Fish and Wildlife Conservation Council know how we can can further help support this project and further work in the future.
