Comments: I support the comments of the Ozark Society.

These include:

Using USFS Alternative 3 for the Ward Park and Eaglet Zones, and Alternative 4 for the Fire Tower and State Park Zones.

Reduce the total number of chairlifts from 5 to 2, with no chairlifts in the Fire Tower or State Park Zones.

Utilize Alternative 4 for the Fire Tower and State Park Zones to provide better protection for native plants and animals, water quality in streams, less road development on steep slopes, help keep scenic views and the upper portions of Rich Mountain more natural, and provide better protection for the traditional uses for Queen Wilhelmina State Park and the Ouachita Trail.
