Organization: Town of Silverthorne

Title: Assistant Community Development Director

Comments: Hello Adam,

Thank you for the opportunity to comment on the proposed re-alignment of the Sayre Trail. In general, the Town of Silverthorne is supportive of the project as the Sayre Trail provides an important bike/pedestrian connection between Silverthorne, the rec path, and Frisco. The town collected \$20,000 from the developer of the Silverthorne Storage site (located at 1024 S Adams Ave) in lieu of requiring them to re-route the portion of the trail that is on their site. We will contribute this money to the project and partner with the USFS so that that portion of the re-alignment can take place. We are a bit surprised to see that the entire trail from the old dillon reservoir all the way to South Adams Avenue is proposed for re-alignment, as we thought it was just going to be the portion of the trail that is on the Silverthorne Storage site. We also noticed that you're proposing to re-route the trail off of Town of Silverthorne property. We're fine with utilizing that property for the trail. Let us know if you want to discuss that further. Thank you! Danelle
