Comments: I support Alternative 3 for the Ward Park and Eaglet Zones, and Alternative 4 for the Fire Tower and State Park Zones. I prefer these options because this will reduce the total number of chairlifts, with no chairlifts in the Fire Tower or State Park Zones.

In addition, Alternative 4 for the Fire Tower and State Park Zones will result in less road development on steep slopes. For me, it is especially important to keep scenic views and the upper portions of Rich Mountain more natural, and provide better protection for the traditional uses for Queen Wilhelmina State Park and the Ouachita Trail.
