Comments: I fully support the Trails at Mena Project. I think it is a perfect use of undeveloped public lands.

Tucked at the edge of U.S. Forest Service property, adjacent to the city limits of Mena, and bordering Arkansas State Parks, this project location offers a unique mountainous terrain design, picture-perfect natural beauty, and urban amenities.

This venture will unfold a huge economic impact for the City of Mena, as well as the entire West/Central region of Arkansas. More jobs will be created, tourism will increase, and there will be an upturn in the need for new business development in the area.

Thank you for your consideration.

Sincerely,

Becky Horton
