Comments: Hello.... I do object to any development to the Sweetwater project that will encroach on the local wildlife , this would include the pastures that the Elk use for loafing and cavling and the Mule Deer

Also object to any campsites setup for motorhomes and the amendadies to support them.

(Electrical, dump stations)

Please leave it as is with the rustic feel , horseback riding , dude ranch style minamizing the impact on the residents road with those that live enroute to Sweetwater...

They don't want the increased traffic due the FS commercialtion of this property.....

People live in the area with expectations of living a low key , rustic rural lifestyle. Void of this kind of development that will impact there way of life.....

If you need an example of the impact , go sit in your car on a Friday afternoon at the Yeoman park ,Slyvan lake intersection to witness the traffic mess coming and going.....

That is what will be created if the Sweetwater project goes thru.

Thank You for the oppurtunity to comment.
