Comments: I am interested in as much restriction as possible on firearm shooting on this forest service area. I've ridden my bike on Gold Camp road above the Old Stage road intersection and I was disgusted by the amount of trash on the road that served as targets including mattresses, glass containers, aluminum cans, etc.

In addition, when I was biking there on a weekend, there were I would estimate over 10 people shooting guns from less than 100 ft from the road. Some were prone in the flatbed of their truck shooting next to the road. I knew a gunsmith who said he would only shoot there at dawn e.g. 5am in the summer. Otherwise he thought it was too dangerous, with the above type of conditions.
