Comments: hello,

my name is Victor DeTienne, I am an outdoorsman and carpenter living in the South Toe Valley. I have recently become aware of your intention to log the Seven Mile Ridge area. I understand the need for income in the State but the Seven mile ridge area has some unique swamp/bog bio regions around crab tree as well as some of my favorite hunting in this area. The area also has high spice populations that we should try to keep in tact. This forest is very special to me. Most of the time I spend in the forrest, is in the Victor rd area. this place has so much wild life, hunting, and rare plants. Logging it would destroy all of that. please do not kill the life in this area.
