Title:

Comments: Hello - I would like to request/recommend that the entire area from -105.4 Lon eastward to the county line and between Lat 39.982 and lat 39.89 be permanently closed to public recreational shooting.

There are many local residents who enjoy hiking in that areas, it is very popular with visitors, includes a Boy Scout camp, and is an area that is unusually good for staging outdoor athletic events including orienteering.

Thank you.

Galen Moore
