First name: Donald M.

Last name: Laskey

Organization:

Title: President

Comments: Hi Chuck,

We are on your mailing list for the scoping letter. We are very interested in the work that we assume will be coming up. We are located on Reedsport, for the last 65 years, and do this type of work. We are currently working with the partnership for the umpqua rivers on smith river, doing a fish restoration job. Any info you could send my way, as to how we can quote this work would be great. Have a nice day.

Don M. Laskey
