Title:

Comments: I have hiked multiple times at least to Emerald Lake as well as my children. I understand the nature of high, primitive county can be life threatening at times and the need for sheltering locations. I appreciate the resource that the now defunct structure was to hikers and as a base of operations for the Timpanogos Emergency Response Teams when needed. Continued use of a structure now should potentially reduce risk of high cost and dangerous rescues allowing for self rescue when needed by providing shelter.
