Comments: I am in favor of the School land trust purchase by the Federal Government from the State of Minnesota and in exchange for any lands outside of the BWCAW to be used for the public Recreation, of Hunting, Fishing, Trapping, Bird watching ect. that the MN DNR deems worthy of its use including possible logging, Camping and trails, but not any moterized traffic such as 4 wheeler and Snow Mobile trails but could include Ski & hiking trails. There should be NO Mineral Extraction allowed.
