Last name: Gosz

Organization:

Title:

Comments: To whom it may concern:

We are very concerned being less than 1 mile proximity to this proposed range and would lobby to vote no to this proposal for the various reasons:

1) possible fire danger. With all the clearing in this area, and money spent clearing it would be an absolute shame if a fire started because of a fire arm.

2) Potential loss of home value due to this perceived environmental adverse impact

3) Noise Pollution to wildlife and domestic animals...we have a dog and he hates fireworks and gunshots .

4) trash left behind by people using the range

5) Potential injury or death by range participants due to careless ness

6) Adding more stress to the current stretched Emergency Personnel . Flight for life / hospital location is woodland park. 30+ miles away.

And how does the Forest Seville plan to monitor this range? Who pays for any cleanup from messes left behind.
?
