Title:

Comments: This project will provide shooting opportunities to the public in a safe and clean environment. There is no plan to stop hunting or to limit hunting properties. Uncontrolled shooting areas such as Harris Park or the quarry could be shut down and a shooting range could possibly be built in its place.

The needs for this project are several:

Need more law enforcement in the field to respond to illegal activity

Need better access to ranges, especially ranges within a National Forest like Camp Fickes.

Need to educate the public shooters more on safe shooting practices.
