Last name: Cummings

Organization: Cummings, Jamie

Title:

Comments: I want to comment about my support for this project. The shelter at Emerald Lake tends to create issues (trash, graffiti), but there's no question that on a mountain as popular as Timp, it saves lives. In the past when I've visited Emerald Lake, I've tried to do my part to pack out trash that has accumulated. I know that there are people who object the the shelter's presence and I want to do my part to support the shelter's presence. I have friends who helped save people in that shelter.

I would like to recommend a coat of graffiti repellent. I know it would be a constant battle, but maybe we can work on keeping it clean.
