Comments: I have been coming out to Aspen/Snowmass every year since 1995 to ski. The reason I keep returning is because SkiCo is always upgrading their four mountains and making improvements to the infrastructure. That is how Aspen/Snowmass is able to maintain a top notch experience and draw so many people, year after year. I am commenting to voice my support for the proposed improvements to the Elk Camp Lift, Alpine Springs Lift, restaurant improvements, and the addition of the Kids Challenge Course.
