Comments: The best spot for a shooting range in your proposal is Wilkerson Pass (USFS 255A). It offers easy highway access on a STATE maintained road and is not a residential area. The next best location is on 90/92 (USFS 865) as it does not have all the hikers, campers, utvs, etc. THERE SHOULD NOT BE A SHOOTING RANGE IN BADGER FLATS (704). There are too many campers, hikers, utvs, dogs, cattle, etc. This area is also home to many long term, year round, full time residents. Putting a shooting range in Badger also adds traffic to already over used county roads. Put the range on Wilkerson!
