First name: Jill

Last name: Smith

Organization:

Title:

Comments: Not on 255. Badger Flats is overwhelmed now with dispersed camping.

It is an active permit with stressed livestock. Campers do not want to worry about Shooting around their campsite.

704 is off a major highway with busy traffic.

90-92 is the perfect location with no permit holder, livestock or camping.

It would need less cost to set it up.
