Comments: I am a member at Buffalo Creek Gun Club who have been managing the Camp Fickes range in Arapahoe National Forest for over 60 years. I am a retired Federal Law Enforcement Officer who currently serves as an armed school resource officer in a Colorado Public school. Our security team utilizes the range for our ongoing training to remain prepared to defend the school. Allowing the addition of a tactical range would greatly enhance our ability to train. The range is used by a variety of Law enforcement agencies for similar training. The Buffalo creek gun club is very efficiently and responsibly managed and are good stewards of the forest , the environment and provide a safe and excellent resource to the public.
