Comments: As a shooter / hunter, I am in favor of, and need a practice range. This I would be happy to pay for if it were a for-fee range. Ideally, it would be manned by your law officer to collect the fee and patrolled by same to enforce basic safety practices. My closest is north on hiwy 67 and not a bad range area but is deplorable for trash. Could "the protect our forests" trash unit make the rounds on occasion?

Thank you,

Kerry
