Comments: The upgrading of existing facilities along with mountain bike trails will be a huge will for the region. It allows year round use to an otherwise season-limited facility. This will create opportunity for year round local events, races, and community gatherings as well. As I raise my children in this valley, the idea of having access to groomed, lift-serviced mountain bike trails is a huge draw for me, and would be just one more reason this valley is an amazing place to live.
