Data Submitted (UTC 11): 9/5/2024 6:31:51 PM
First name: April
Last name: Woods
Organization: Animal Daycare & Boarding LLC
Title:
Comments: You need to go back to the table and rethink the proposed Rattail, the Logging & Road Building Project on/in Six River National Forest. You have to do better. This time put protecting nature as the top priority, if you protect nature then you protect the futures of all humans. The minute nature dies is the minute humans go into extinction. Retire your old thinkers, they failed, find people with values and get to work.
