Last name: Lennard
Organization: KS Connectivity
Title: Staffer
Comments: Greetings,

As a taxpayer and conservationist I strongly urge you to please modify the Rattail project as part of the Trinity Forest Health effort.

I urge you to please end all planning for logging of mature and Old Growth trees, end all planning for logging or road building in roadless areas, even in smaller undesignated ones.

Please limit management of this project to already logged plantations and thickets and avoid any ecologically damaging activities.

Sincerely,

Spencer Lennard
