Comments: OK, some feedback...

This was VERY hard to navigate. The instructions say, "To learn more about the meetings please read the "Comment Period Public Meetings" document below. ." There was no such menu item. I clicked and downloaded the documents... Nope. I clicked on the right menu item "Get Connected" then "Comment/Object on Project" and "Public Comment/Objection Reading Room"... Nope. I then saw the "Project Navigation" and under that was Meeting Notices"... Bullseye! I saw the virtual meeting with a Link.

Just an observation that if the USFS wants the public to engage, they really need to make it a bit easier! I would have given up if I wasn't trying to get to it to be able to share it.

Not your fault, I know, but maybe you can carry the message to the right folks that they need to 1. Share notices earlier and 2. Make it easier to navigate.

Thanks!

Becky
