Comments: Greetings! I am a young person who cares about protecting our forests. Thank you for all that you do. I respectfully ask you to not construct and utilize 5 miles of roads in a 2.3-square-mile area with over 50 landings.
This construction would more than likely cause further degradation of the already-impaired Mad and Van Duzen River watersheds, while degrading or destroying habitat for one of the area's few remaining reproductive northern spotted owl pairs.
Please do not go through with this construction. Together, let's preserve ecosystem health and reduce unneeded construction.
Thank you for your time and consideration! Take care, Rebecca
