Comments: The Quinoset hut is not necessary to administer the Wilderness.

The Forest Service's own wilderness policy recognizes that a structure is not needed for visitor use.

The Forest Service's proposal to use helicopters and build a new improved structure is antithetical to Wilderness.

It is a perversion of the Wilderness Act to declare the Quinoset hut is part of the wilderness character of the area when the Act clearly precludes structures.

The Forest Service must adopt an alternative that lets the Mount Timpanogos Wilderness be wild by allowing the metal remnants of the Quonoset hut to fade with time, or by using wilderness-compatible means, such as non-motorized/non-mechanized tools, to remove it.
