Comments: I thank the Forest Service for accepting public input. As the protection of our few remaining true Wildernesses is paramount to preventing further loss of biodiversity, I urge the Service to adopt an alternative that safeguards the Mount Timpanogos Wilderness by allowing the metal remnants of the Quonset hut to fade with time, or by using Wilderness-compatible means, such as non-motorized/non-mechanized tools, to remove it. Thank you for all you can do to save our imperiled natural world.
