Title:

Comments: The "Forest Service" 's, first, responsibility is to protect the, wild, character of the "Mount Timpanogos Wilderness", rather than, any, structures such as the, "Quonset", hut, which degrades the area, and, is NOT necessary to administer the Wilderness!

The "Forest Service" MUST adopt an alternative that lets the "Mount Timpanogos Wilderness" be wild by allowing the, metal, remnants of the, "Quonset", hut to fade with time, or, by using, wilderness-compatible, means, such as, non-motorized/non-mechanized, tools, to remove it!

The "Forest Service" 's, own, wilderness, policy recognizes that a structure is NOT needed for, visitor, use, stating that visitors must be prepared, on their own, to face "inherent, risks of adverse weather conditions, isolation, physical, hazards, and, lack of, rapid, communications, and, that search, and, rescue may NOT be as rapid as expected in an, urban, setting."

The "Forest Service" 's proposal to use helicopters, and, build a, new, improved, structure is antithetical to Wilderness! It is a perversion of the "Wilderness Act" to declare such a structure is part of the, wilderness, character, of the area, when the "Act", clearly, precludes structures!
