Comments: Hello,

The Forest Service's first responsibility is to protect the wild character of the Mount Timpanogos Wilderness, rather than any structures such as the Quinset hut, which degrades the area and is not necessary to administer the Wilderness. It must adopt an alternative that lets the Mount Timpanogos Wilderness be wild by allowing the metal remnants of the Quonset hut to fade with time, or by using wilderness-compatible means, such as non-motorized/non-mechanized tools, to remove it.

Thanks for your attention

Best Regards
