First and foremost, I believe the Forest Service's main function is to protect the Mount Timpanogos Wilderness. A hut that served no real purpose that was built long ago and has fallen apart does not need rebuilding. Doing so would disrupt the wild and free nature of the wilderness that has taken years to achieve and would serve no beneficial purpose. Just leave the hut alone and let time take its course. Please do not disrupt the peaceful tranquility simply to rebuild a hut that should never have been put there in the first place. Thank you for your consideration in this very important matter.
