Comments: The Forest Service's proposal to use helicopters and build a new improved structure is antithetical to Wilderness. The Forest Service's first responsibility is to protect the wild character of the Mount Timpanogos Wilderness, rather than any structures such as the Quonset hut, which degrades the area and is not necessary to administer the Wilderness. The Forest Service must adopt an alternative that lets the Mount Timpanogos Wilderness be wild by allowing the metal remnants of the Quonset hut to fade with time.
