Comments: The Forest Service's first responsibility is to protect the wild character of the Mount Timpanogos Wilderness, rather than any structures such as the Quonset hut, which degrades the area and is not necessary to administer the Wilderness.

The Forest Service's own wilderness policy recognizes that a structure is not needed for visitor use, stating that visitors must be prepared on their own to face "inherent risks of adverse weather conditions, isolation, physical hazards, and lack of rapid communications, and that search and rescue may not be as rapid as expected in an urban setting."

The original building of this structure, in an area where the Act clearly precludes structures now, was not done with any motorized equipment either for transport or building and if this cannot be done in the same manner it must be allowed to disintegrate on its own and not be rebuilt at all!
