Comments: The Forest Service must protect the wild character of the Mount Timpanogos Wilderness. Any structures such as the Quonset hut degrade the area and are not necessary to administer the Wilderness.

"Wilderness" means visitors will risk adverse weather conditions, isolation, physical hazards, and lack of rapid communications or rescue.

Structures old or new do not belong in wilderness. The Forest Service must allow the Mount Timpanogos Wilderness to be wild. Let the metal remnants of the Quonset hut fade with time, or use wilderness-compatible means, such as non-motorized/non-mechanized tools, to remove it.
