Comments: Dear Forest Supervisor:

With regards to the Mount Timpanogos Wilderness Emerald Lake Shelter Reconstruction Project.

The Forest Service's own wilderness policy recognizes that a structure is not needed for visitor use, stating that visitors must be prepared on their own to face "inherent risks of adverse weather conditions, isolation, physical hazards, and lack of rapid communications, and that search and rescue may not be as rapid as expected. The Forest Service's first responsibility is to protect the wild character of the Mount Timpanogos Wilderness, rather than any structures such as the Quinoset hut, which degrades the area and is not necessary to administer the Wilderness.

Thank you,
Lynn Friesner
