Comments: The Forest Service's FIRST responsibility is to: PROTECT the wild character of the Mount Timpanogos Wilderness, rather than any structures such as the Quinoset hut, which Totally DEgrades the area and is not necessary to administer the Wilderness.

And, You have Clearly stated that a structure, is NOT needed for visitor use, stating that visitors must be prepared on their own to face "inherent risks of ANY adverse weather condition.

The Forest Service's proposal to use helicopters and build a new improved structure is Outrageous and makes it Completely UNAcceptable, in OUR Wilderness.

As a U.S. Taxpayer, The Forest Service MUST Adopt an alternative that lets the Mount Timpanogos Wilderness be wild by allowing the metal remnants of the Quonset hut to fade with time, or by using a Natural, wilderness-compatible means, such as non-motorized/non-mechanized tools, to remove it.

Thank you for Recording and Heeding my Comments as a Taxpayer.
