Comments: Thank you for hearing our many pleas to protect the wild character of the Mount Timpanogos Wilderness. It is the Forest Service responsibility to protect Wilderness, please do not degrade the area or the Hut.

It is not in the best interest of Wilderness If the Forest Service's propose to use helicopters and to build a new improved structure, it is antithetical to Wilderness. It is a perversion of the Wilderness Act to declare such a structure is part of the wilderness character of the area when the Act clearly precludes structures.

Please use an alternative, why can we not let Mount Timpanogos Wilderness be wild? Why can't we let the metal remnants of the Quonset hut to fade with time, or by using wilderness-compatible means, such as non-motorized/non-mechanized tools, to remove it. I ask you WHY?
