Comments: I travelled Boundary Waters for 5 days in 1970 and the memory of the loons calling at night, the vastness and beauty of the quiet and the lakes and the night sky --- still touches me 54 years later. Please do all you can to add to the protected lands within Boundary Waters, to keep them wild and unmined. Mining will foul the waters, the islands, quiet, the sky. Please let me keep my memories believing them still quiet and unsullied by machinery. Please support this School Trust, St. Louis County, and TCF Land Purchase #66600.
