Title:

Comments: My wife and I support the federal purchase of the 80,000 acres of state school trust lands inside the BWCAW, and the 3,200 acres of St. Louis County land included in the land purchase package. Any official policies that advance the procurement and enhancement of essential ecosystems are needed to allow nature to continue regenerating as sustainable habitats for existing and future inhabitants, including all native lifeforms.

Thanks for considering this input and request.
