Title:

Comments: I support the proposed federal purchase of the approximately 80,000 acres of Minnesota School Trust lands and 3,200 acres of tax-forfeited lands found inside the Boundary Waters Canoe Area Wilderness.

From my perspective as a taxpayer and cabin owner in Cook County, it makes economic sense to me. And, as a frequent visitor to the BWCAW, it makes sense from a land-management and wilderness preservation perspective.

Thank you for your consideration.
