Comments: I wholeheartedly support the federal purchase of 80,000 acres of state school trust lands inside the BWCAW, and the additional 3,200 acres of St. Louis County land included in the land purchase package.

Although the local legislators are mistaken, a federal purchase is perfectly legal under the Weeks Act.

Furthermore, it is the very REASON why Congress created the Land and Water Conservation Fund for just such purposes. Please do the right thing, the sane thing, extend protection to the BWCAW as a Wilderness. And, most importantly, after seeing what trump and the GOP politicians have in mind especially in Project 2025, we

CANNOT allow these political groups access to such lands, we need to prevent future state or county governments from ANY development on these lands!
