Title:

Comments: The Boundary Waters watershed is an important wilderness area in a land where clean water and wilderness is threatened daily. I support the federal purchase of 80,000 acres of state school trust land in the Boundary Waters Wilderness Area for the good of the state educational systems and the good of this rare area. Consolidating ownership of this land that needs protection is in the best interest of the Boundary Waters, the surrounding areas, the people who enjoy the area and everyone, whether they know it or not.
