Last name: Ball

Organization:

Title:

Comments: I am 79 and have COPD so I no longer go hiking but that does not diminish my desire to see land set aside for the few who want QUIET time away from the crowds and for the preservation of the wildlife that will only exist in large protected areas. This is what the federal government should be doing.

I strongly support using federal tax dollars to make sure there are areas protected from development, from motorized vehicles and from those who love to kill wildlife.
