Comments: I support the federal purchase of the 80,000 acres of state school trust lands inside the BWCAW, and the 3,200 acres of St. Louis County land included in the land purchase package.

This purchase makes sense because it will prevent future state or county governments from developing these lands. It will keep those acres wild, and the habitat safe.

Habitat matters more than anything else, please keep these lands wild, please see this purchase through. Thank you!
