Comments: You will notice that I do not reside in your geographical area, BUT that does not mean that I am not familiar with the Boundary Waters. My family when I was little, vacationed in your area many times, it was always a place I wished to return to. Which I have been lucky enough to do.

I am asking that this area be respected and allowed to remain untouched by any industry . Let the people come and enjoy, let the wild creatures have their home untouched by businesses and industry.

This land left vacant for foot travel enjoyment is far more valuable to the environment, than if industry was allowed to develop it.
