Comments: I support the federal purchase of the 80,000 acres of state school trust lands inside the BWCAW and the 3,200 acres of St. Louis County land included in the land purchase package. The purchase will help prevent future development of this land and will provide more income to the Minnesota Permanent School Fund than if a land exchange were done. I understand this purchase to be perfectly legal.

My father loved the Boundary Waters and taught my siblings, cousins and me to love that land as well. We spent many wonderful days and nights canoeing and camping there with our father and to this day those memories are some of the most precious of my childhood. I hope someday my grandchildren will have the privilege to experience the same.
