Comments: A federal purchase of the 80,000 acres school trust lands inside the BWCAW, and the 3,200 acres of St. Louis County land included in the land purchase package will increase the efficiency of administering and protecting the BWCAW as a Wilderness, and prevent future state or county governments from developing these lands. The U.S. Forest Service must follow through with this proposal to better protect BWCAW as a thriving part of the nation's Wilderness. Thank you.
