Title:

Comments: As a kindergarten teacher for the second largest school district in the state of Minnesota and a lover of the Boundary Waters, I strongly support the federal purchase of the 80,000 acres of state school trust lands inside the BWCAW, and the 3,200 acres of St. Louis County land included in the land purchase package. Protecting our wilderness areas and protecting and funding public schools must not be an either/or decision and an action short of a federal purchase would be a disservice to both entities.
