Title:

Comments: I support strengthening and improving the clarity of the NOGA so that it is less ambiguous.

Loopholes allow unscrupulous individuals to destroy what belongs to all of us! Our Eastern Forests must be protected! The ecosystem must be protected so that we don't lose more species of plants animals, insects and aquatic life and maintain at least a semblance of biodiversity.. We need old growth forests so that future generations can have access to what our country has lost in the way of wilderness.
